Do Now: 2 of these 3 scripts do the same thing. Which are they? How is the third script different?

```
repeat 3

repeat 3

play drum 1 for 0.25 beats

play drum 11 for 0.25 beats
```

```
play drum 1 for 0.25 beats
play drum 11 for 0.25 beats
```

"Nested" loops

The "inner" block has to complete before the "outer" block can finish...

```
repeat 3

play drum 17 for 0.25 beats

play drum 117 for 0.25 beats
```

...What about two loops in the same program?

```
when 1 vey pressed

repeat 8

play drum 1 for 0.25 beats

play drum 11 for 1 beats
```

"Forever" loops

```
when 2 v key pressed

forever

play drum 1 for 0.25 beats

play drum 11 for 1 beats
```
